Recommended ages are guidelines for enrollment. Students should take class in their same group as 2021-22 for the majority of classes. They can take additional classes in one level higher, as long as they are also taking this style at their current level. Please enrol in at least one of these required classes: Ballet technique (2) or one ballet tech and one lyrical; jazz; hip hop; improv; conditioning; Optional classes are tap, contemporary, tricks and musical theater. However, if students are hoping to be chosen for a group, they do need to take class in these areas. Conditioning is not required for Minis. Enrollment opens March 31 for students who are wanting to be considered for our Competition Team 2022-23. For all other summer enrollment, please enroll starting April 1.
